

**PAGOD NEW** 

Design Anne Nilsson • 2018 • Handmade in Kosta, Sweden

Pagod is a stylish vase that brings you back to the 60's. The vase is mouth-blown by skilled glass blowers at the glass works in Kosta. The technique is called underlay, a multi-layer glass which means that clear glass lies like a casing over the stained glass and gives a beautiful and processed expression. The playful design is the work of Anne Nilsson. She is one of Sweden's most important glass designers and can take advantage of the craftsmanship, the simple language and function in an extremely elegant way. This vase is designed to give cut flowers a beautiful expression.
